

Incyte Biosciences cordially invites you to attend a symposium at the CAPhO Conference 2026 entitled:

Optimizing the Management of Follicular Lymphoma: An Oncology Pharmacist's Perspective

Join us for an in-depth symposium on the evolving management of **follicular lymphoma** across the disease continuum. This session will provide practical insights into disease biology, risk stratification, and current and emerging therapies. Emphasis will be placed on the rapidly changing relapsed/refractory landscape. Through case-based discussion, participants will gain practical, evidence-informed strategies to optimize patient selection, toxicity management, and therapeutic decision-making in clinical oncology pharmacy practice.

FACULTY

Dawn Warkentin,
BSc Pharm (ACPR), PHARM.D.
Clinical Pharmacy Specialist,
Medical Oncology
Lions Gate Hospital, Vancouver, BC
Clinical Professor,
University of British Columbia

Dominic Duquette,
B.Pharm, M.Sc.
Clinical pharmacist Hematology-Oncology
Specialist - CHU de Québec
Assistant clinical professor - Université Laval
Clinical researcher - CRCHU
Quebec, Quebec

Tina Crosbie,
BSc. (Pharm), ACPR, RPh
Clinical Pharmacist, Hematology
The Ottawa Hospital, Ottawa, Ontario

LEARNING OBJECTIVES

By the end of this session, participants will be able to:

1. Describe the underlying biology and typical clinical presentation of follicular lymphoma (FL)
2. Discuss current treatment options and upcoming therapies, including evolving standards of care for FL with a focus on relapsed or refractory (R/R) FL
3. Apply best practices and real-world insights to optimize FL care in clinical pharmacy settings

WHY ATTEND?

- ▶ **Gain** practical, pharmacist-driven insights into the evolving FL landscape
- ▶ **Understand** how emerging data translates into real-world oncology pharmacy practice
- ▶ **Explore** case-based strategies for managing toxicities and optimizing patient outcomes
- ▶ **Learn** from national leaders in hematology pharmacy

Location: Salon A & B (subject to change)
Lunch will be provided at the symposium.

REGISTRATION

Participants must RSVP through the official CAPhO 2026 Conference registration platform.
