

Please join us at the **Lilly Symposium during CaPhO 2026** for an engaging and thought-provoking session:

## Clinical Conversations: Elevating Care in Double-Exposed CLL/SLL

Be part of the conversation as we explore the evolving treatment landscape and strategies to optimize patient outcomes in double-exposed CLL/SLL.

**Date:** Sunday, April 26, 2026

**Time:** 7:00 AM – 8:30 AM

**Location:** TCU Place, Saskatoon, Saskatchewan

**Room:** Salon AB

### Speakers

**Jill Lacey, PharmD**  
Pharmacist

**Julie Stakiw, MD**  
Medical Oncologist

### Learning Objectives:

By the end of this symposium, participants will be able to:

**1.** Understand the current unmet need and evolving clinical landscape in double exposed CLL/SLL by reviewing real-world data and assessing available treatment options.

**2.** Identify clinically significant differences in efficacy and toxicity across treatment options for double-exposed CLL/SLL and apply strategies to optimize therapeutic outcomes in clinical practice.

**3.** Integrate evidence-based treatment approaches into patient management plans to deliver personalized care and improve outcomes for double-exposed CLL/SLL

Breakfast will be provided.

Please do not forward this invitation to others.

The materials presented during this meeting will reflect the speaker's point of view only and not those of Lilly.
